Free printable worksheet · genogramcreator.com · grandparents → parents → children

SYMBOL KEY

	Male		Marriage
	Female		Divorce
	Index person (client)		Separation
	Deceased		Unmarried / cohabiting
	Pregnancy		Close relationship
	Conflict		Cutoff / estrangement
	Children (descent line)		Distant relationship

How to use: Start with the index person (bottom row), then work upward. Write each person's name and birth year under their symbol. Mark deceased members with an X through the symbol. Add or remove children and siblings as needed — this scaffold covers the standard three-generation clinical assessment used in family therapy and social work intakes.
